Re: New Residual Waste Processing Permit  
Recoil, Inc.  
Permit No. 301347  
APS ID No. 495206  
York City, York County

Dear Mr. Reitz:

Enclosed is a new Residual Waste Processing Permit No. 301347 for the operation of Recoil, Inc., issued in accordance with Article V of the Solid Waste Management Act, 35 P.S. Sections 6018.101, et seq.

This approves a permit to operate a residual waste processing facility to accept, process/transfer used oil, used oil contaminated solids, used anti-freeze, used oily water, used parts washer solution, and used oil filters.

Compliance with the terms and conditions set forth in the permit is mandatory. You have the right to file an appeal as to these terms and conditions.

Any person aggrieved by this action may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. Section 7514, and the Administrative Agency Law, 2 Pa. C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, 800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

4. The bond amount of \$79,425.74 is approved. Please submit this amount within thirty days after issuance of this permit. The bond amount currently on record may be applied towards the total amount owed.
5. A Certification of Facility Construction Activity Form 19R shall be submitted upon completion of installation of the radiation monitoring equipment, storage tanks, secondary containment area, emergency containment area, etc., at the facility. However, the radiation monitoring equipment must be installed within four (4) months of permit issuance, unless otherwise approved by the Department.
6. This facility is permitted to store up to 250,000 gallons of waste oil on site.
7. Within forty-five (45) days of the receipt of this permit, RecOil shall sample existing monitoring wells MW-1, MW-2, MW-3, MW-4, MW-6, MW-7, MW-8 and MW-9 for the following list of parameters:
  - Volatile Organic Analysis (VOA)
  - Semi-Volatile Organic Analysis (SVOA)
  - Lead (dissolved)
  - pH (field)
  - Specific Conductivity (field)
  - Total Organic Carbon
  - Temperature
  - Groundwater Elevation

Thereafter, semiannual sampling during the second and fourth calendar quarters shall take place at wells MW-1, MW-2, MW-6, MW-7 and MW-9 for the following parameters:

- Pyrene
- Benzo(a)pyrene
- Chrysene
- Indeno(1,2,3-cd)pyrene
- pH (field)
- Specific Conductivity (field)
- Temperature
- Groundwater Elevation

Analytical reports of this sampling shall be submitted to the Department within fifteen (15) days of receipt of results by RecOil. The Department reserves the right to add additional parameters or wells based on the results of the initial sampling or in the event of a spill or release at the RecOil facility. Similarly, parameters, wells or frequency of sampling may be reduced or monitoring discontinued entirely after written approval from the Department, without permit modification.

8. Approval of any plans or facilities herein refers to functional design, but does not guarantee stability or operational efficiency. Failure of the measures and facilities herein approved to perform as intended, or as designed, or in compliance with the applicable Rules and Regulations of the Department, for any reason, shall be grounds for the revocation or suspension of this permit. Failure of the Permittee to comply with the terms of the permit or conditions, or failure of the Permittee to construct or operate the proposed facilities in conformity with the approved plans shall be grounds for the revocation or suspension of this permit.
9. Prior to the initiation of operations under this permit modification, certification must be submitted to the Department that the operator has in force an ordinary public liability insurance policy. The policy must be in an amount as prescribed upon the promulgation of revised regulations.
10. As a condition of this permit, and of the Permittee's authority to conduct the activities authorized by this permit, the Permittee hereby authorizes and consents to allow authorized employees or agents of the Department, without advance notice or a search warrant, upon presentation of appropriate credentials, and without delay, to have access to and to inspect all areas on which solid waste management activities are being or will be conducted. The authorization and consent shall include consent to collect samples of waste, water or gases, to take photographs, to perform measurements, surveys and other tests, to inspect any monitoring equipment, to inspect the methods of operation, and to inspect and/or copy documents, books or papers required by the Department to be maintained. This permit condition is referenced in accordance with Sections 608 and 610(7) of the Solid Waste Management Act, 35 P.S. Sections 6018.608 and 6018.610(7). This condition in no way limits any other powers granted under the Solid Waste Management Act.
11. Nothing herein shall be construed to supersede, amend or authorize violation of the provisions of any valid and applicable local law, ordinance, or regulation, provided that said local law, ordinance or regulation is not preempted by the Pennsylvania Solid Waste Management Act, the Act of July 7, 1980, Act 97, 35 P.S. 6018.101, et seq.
